### **Captains Comments**

Though the turnout was somewhat disappointing, the day will be remembered for lovely weather, a golf course in very good condition, a splendid meal served by an enthusiastic staff and, most of all, a wonderful opportunity to re-engage with friends.

My thanks to all participants for paying their fees by bank transfer - it really has made a difference. It also seemed right that the vast majority were able to play to their correct handicap

## Handicaps

As a consequence of Burford's results, the following adjustments to handicaps will be made for the individuals concerned and will apply for the remainder of the season:

Tim Thorn	- 2 shots
Annette Hillicker	- 2 shots
Derek Aldous	- 1 shot
Naomi Bedford	- 1-shot

These adjustment will be applied by working out the players' Course Handicap for the venue and tee, and then reducing the CH by the appropriate number of shots.

## Thetford - 7 July 2023

The take-up for Thetford is very low. I would ask, **with a hint of urgency**, for you to put your name down for this first, team event of 2023 as soon as possible. If you don't have a team, don't let that deter you, I shall help in putting like minded members together.

## Initial Dates for 2024

I anticipate you would like an indication of dates for next year for planning purposes; The dates below are those I hope to secure and it will be some time before they can be confirmed. The Burford and Badgemore dates are deconflicted with RAFGS events.

Spring Meeting at Burford - individual stableford on 8 May 2024

Eastern Meeting at Thetford - Team event on 5 June,

Summer Meeting at Badgemore Park - Individual stableford on 10 July

Central Meeting at Elton Furze - Team event on 21 August

Western Meeting at Wychwood - Team event on 25 September

Set out below are some permanent reminders of the day.

Thank you for supporting ACAGS.
